EATING RAW OR UNDERCOOKED MEATS MAY INCREASE YOUR RISK OF FOODBORNE ILLNESS.

Red Lodge Pizza Co. began with a pizza party in 1996 when Tom, a philosophy major, and Eliza, a PE teacher, decided to turn their love of pizza into a business.

With hand-tossed dough, fresh ingredients, and a signature sauce, their pizza quickly became a local favorite.

After considering several locations and nearly landing in the old post office, the Kuntzs chose the historic Natali's Café building and opened the doors with the help of friends and the community.

30 years later, we're still here in the same building, making pizza the same way—scratch-made dough, hand-tossed pies, and fresh toppings.

Thanks for being part of our story & cheers to 30 years!
